We have CMHC RHI Housing – 16 units that have started. (Demo Project).

There are 72 units for a BC Housing project that will be starting later in the spring.

These 2 projects will have an opportunity for local companies to bid on parts of the project.

These 2 projects will require qualified trades people during construction and then ongoing maintenance once the projects are completed.

There are ongoing renovation projects that will also require qualified people as well.

Please provide your resume, certificates, driver's license, and references. Chosen applicants will provide criminal background checks, before the employment agreement is signed. Please provide drivers abstracts if operating equipment for OMVC.

Please submit to the above emails, or bring in person and meet with Alfred Adams, OMVC Housing Coordinator to 359 Eagle Avenue, OMVC Housing Department.

You may also submit your resumes to the OMVC Reception at: 348 Eagle Avenue. (Band Office).
